

# ACTIV bicompat

## Sustainable development and production

### EMAS:

- Continuous improvement of environmental performance
- Annual sustainability report
- Energy and water management
- Social Fairness

### DIN ISO 14001:

- Continuous improvement in reducing waste and CO2 emissions, and saving of energy, water and material consumption

### ISO 50001:

- Continuous improvement of energy management: performance, efficiency, security, use and consumption

### A.I.S.E.-Charter:

- Safe and sustainable manufacturing of cleaning products

### DIN ISO 9001:

- Continuous improvement of management processes and customer satisfaction
- Established quality management system in product development and production

## **green-Effective® Ultra Concentrated Laundry Detergent**

- Eco-efficient performance with eco-effective product design

User and environmental safety at the highest cleaning performance

- Certified with the European Ecolabel (DK/06/001)
- Registered in the positive list of „DIE UMWELTBERATUNG“
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration

## Complete biodegradability

- ACTIV bicompat with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard\*

\*for more information please visit [www.wmprof.com](http://www.wmprof.com)

## Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermic power
- Active water stewardship maintaining an own fresh and waste water treatment

## Full transparency - complete ingredient declaration

15-30% oxygen-based bleaching agents (sodium percarbonate), 5-15% non-ionic surfactants (fatty alcohol EO adduct), <5% soap (coconut oil), polycarboxylates, enzymes (protease, amylase, cellulase, mannanase), optical brighteners, perfumes

Specific ingredients: water, sodium silicate, sodium carbonate, sodium bicarbonate, sulfates, bleaching activator (TAED), cellulose

## Traditional German quality - driving your durable business development

- More than 25 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

## Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

# ACTIV bicompact

## green-Effective® Ultra Concentrated Laundry Detergent

- High performance ■ Long lasting perfume ■ Ultra concentrated

### Product profile

- ACTIV bicompact ensures a high washing performance even at 20°C allowing to save up to 60 % electricity costs and time due to shorter washing cycles. Respecting the biological cycles, it cares for people's health and cleaning staff's safety.
- Thanks to its oxygen-based bleaching agent and exclusive formulation with a stain removing complex based on a quintuple bio-enzyme system, ACTIV bicompact provides outstanding cleanliness and intense freshness.
- Meanwhile enhancing the work safety, ACTIV bicompact offers a very convenient refillable and reusable eco-drum, which can be stocked and closed while guaranteeing an easy handling.
- Majorly composed of renewable resources, ACTIV bicompact takes on the responsibility for future generations.

### Area of application

- ACTIV bicompact is suitable for all white and colored clothes (excepting wool and silk), both for machine and hand washing.
- ACTIV bicompact is a double concentrated powder – 10 kg equates to 20 kg of a traditional detergent. With a minimum dosage of 5g/kg dry linen it is possible to wash up to 2 tons dry linen (soft water/low soil level).

### Product safety, storage and environmental instructions

**Safety:** For professional use only. Keep away from children. Do not mix with other products. Test material compatibility before use. For further information, see Safety Data Sheet.

**Storage:** Store at room temperature in the original container.

**Environmental:** Only give complete emptied packaging to special waste disposal. Proper dosage saves costs and minimizes environmental impacts. Wash at the lowest possible temperature. Always wash with full load.

### Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

| 7 kg       | 10 kg  | 15 kg  | 20 kg  |
|------------|--------|--------|--------|
| 5 g*       | 9 g*   | 11 g*  | 11 g*  |
| 6 ml*      | 11 ml* | 14 ml* | 14 ml* |
| 8 g*       | 11 g*  | 14 g*  | 14 g*  |
| 10 ml*     | 14 ml* | 18 ml* | 18 ml* |
| 11 g*      | 14 g*  | 17 g*  | 17 g*  |
| 14 ml*     | 18 ml* | 21 ml* | 21 ml* |
|            | 8 g*   | 11 g*  |        |
|            | 10 ml* | 14 ml* |        |
| 36 g/10 L  |        |        |        |
| 45 ml/10 L |        |        |        |
