## Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermic power
- Active water stewardship maintaining an own fresh and waste water treatment

## Ingredient declaration

For the ingredients list, please see the Safety Data Sheet

## Traditional German quality - driving your durable business development

- More than 25 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

## Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

makes the difference

# ACTIV tabs

## **green-Effective®** High performance, ecological laundry tabs

■ Easy dosing ■ Long lasting freshness ■ For all fabrics

### Product profile

- The formula of ACTIV tabs has been designed to reduce the risk of allergic reactions. Due to selected perfumes it is ideal for sensitive skin. Respecting the biological cycles, it cares for people's health and cleaning staff's safety.
- Meanwhile enhancing the work safety, ACTIV tabs shows excellent cleaning results. With only one product applied at lowest dosage it ensures highest performance for all white and colored fabrics.
- Majorly composed of renewable resources and free of phosphates, ACTIV tabs takes on the responsibility for future generations.

### Area of application

- ACTIV tabs are suitable for all white and colored fabrics (excepting wool and silk) in washing machine laundry. They perform already at a washing temperature of 30°C.
- When washing delicates, use a specific detergent. Always watch for instructions mentioned on clothing. Contact your water distributor company for information about the hardness of your water.
- If you are allergic to house dust, always wash bedding at 60°C. Increase wash temperature to 60°C in case of infectious diseases.

### Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

### Product safety, storage and environmental instructions

**Safety:** For professional use only. Keep away from children. Do not mix with other products. Test material compatibility before use. For further information, see Safety Data Sheet.

**Storage:** Store at room temperature in the original container.

**Environmental:** For maximum effectiveness always use the correct dosage and lowest recommended temperature. This will minimize both energy and water consumption and reduce water pollution.
