### Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermal power
- Active water stewardship maintaining an own fresh and waste water treatment

### Full transparency - complete ingredient declaration:

<5% anionic surfactants (sodium alkyl sulfate), non-ionic surfactants (fatty alcohol EO adduct), soap (coconut oil)  
Specific ingredients: water, glycol ether

### Traditional German quality - driving your durable business development

- More than 25 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

### Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

### Sustainable development and production:

#### EMAS:

- Continuous improvement of environmental performance
- Annual sustainability report
- Energy and water management
- Social Fairness

#### DIN ISO 14001:

- Continuous improvement in reducing waste and CO2 emissions, and saving of energy, water and material consumption

#### ISO 50001:

- Continuous improvement of energy management: performance, efficiency, security, use and consumption

#### A.I.S.E. - Charter:

- Safe and sustainable manufacturing of cleaning products

#### DIN ISO 9001:

- Continuous improvement of management processes and customer satisfaction
- Established quality management system in product development and production

makes the difference

# LINUX complete

## green-Effective® Ultra-performance floor stripper

■ Effective ■ Fast action ■ No rinsing

### Product profile

- LINUX complete is an ultra-performance floor stripper with SWAN certification and is suitable to strip any kind of polymer dispersion, also it is ideal for stripping LONGLIFE complete.
- LINUX complete even removes multi-layer floor coating and is suitable for all flooring resistant to water.
- No rinsing and neutralizing of the floor necessary, which saves time and natural resources.
- LINUX complete ensures increased safety due to non-skid properties during stripping.

### Application and dosing

Dose in relation to application and degree of soil. Follow below instructions.

**Deep cleaning:** apply on the floor (max. 30m² at once), leave for 10min.

Clean the floor with a single disc machine and a suitable pad or a scrubbing brush.

Remove the dirt and old polymer layers using a water-suction cleaning

Wipe completely and thoroughly with a wet mop.

**Top stripping:** spray on floor and treat with a single disk machine and a suitable pad.

### Area of application

- LINUX complete is suitable for the universal use on all water-resistant flooring. It is specially suitable for the stripping of elastic floors such as PVC, linoleum, caoutchouc and other special plastic materials, as well as special hard floors such as stone and sealed wooden flooring. Not to be used on unsealed wooden floors, laminate and cork.

### Product safety, storage and environmental instructions

**Safety:** For professional use only. Keep away from children. Do not mix with other products. Test material compatibility before use. For further information, see Safety Data Sheet.

**Storage:** Store at room temperature in the original container. Keep from freezing.

**Environmental:** Only give completely emptied packaging in the recommended waste container. Proper dosing saves costs and minimizes environmental impact.
