

FOAM-EX

Defoamer

- Economical ■ Anti-foaming

Product profile

- FOAM-EX avoids foaming in waste water tank of extraction devices, water vacuums and autoscrubbers and destroys foam from surfactants and soap residues. Interruptions will be reduced.
- FOAM-EX becomes creamy when it's mixed up with water, thus strengthening the effect.
- FOAM-EX is economical in consumption because it is strongly dilutable.

Area of application

- FOAM-EX is suitable for all waste water containers of spraying extraction devices, water vacuums and autoscrubbers as well as for injectors, which are connected upstream to waste water containers.

Ingredient declaration

For the ingredients list, please see the Safety Data Sheet

Application and Dosing

Use the product undiluted and fill it directly into the device.

Large areas: can be applied in auto-scrubbers in the waste water tank.

put in the waste water tank or directly into suction hose.
